NOTE

1. RESISTOR Resistance is shown in ohms (k = 1,000, M = 1,000,000). All resistors are 1/4W and 5% tolerance unless otherwise noted. All capacitors are ceramic 50V, unless otherwise noted as follows:

2. CAPACITOR Unless otherwise noted in schematic, all capacitor values less than 1 are expressed in pF, and values more than 1 are expressed in μ F. All capacitors are ceramic 50V, unless otherwise noted as follows:

3. The parts indicated with * have special characteristics and should be replaced with identical parts only.

4. This schematic diagram is the latest of any changes, so it must be changed in accordance with all informed modifications.
